

Tynan Hollyer

107 Grant St, Gardner, Massachusetts 01440 | (978) 660-8662 | tynanmjhollyer@gmail.com

Main Objective

To work in relative fields while attending college to enhance my knowledge and gain a feeling of working in the real world with high standards.

Education

Graduate from **Information Technology**, Montachusett Regional Vocational Technical High School (2014 – 2018) – Fitchburg MA.

Senior majoring in **Computer Science**, University of Massachusetts (Lowell) (2019 - 2022)

Volunteering

Comfort Zone Camp - Junior Counselor (144 hours)

Comfort Zone Camp provides a safe grieving place for children who have lost a family member, for any sort of reason. As a volunteer being under 18 years of age, I can participate as a Junior Counselor where I participate alongside the other older volunteers to share insight, and take care of the campers throughout the weekend. Comfort Zone Camp gives children and young adults a chance to learn better ways to grieve about their loss, and not be scared to do so around other children and young adults experiencing a similar situation.

Experience

Laptop and Computer Repair Inc. - Intern/Coop Through School (October 2014 – September 2018)

At Laptop and Computer Repair Inc. I was tasked with helping with all of the projects brought to us such as virus removals, and part replacements. My main goal of working here as an intern was to learn as much about being in the Computer Repair field as possible, while still only being in the early stages of the Information Technology shop. This helped me get ahead in the beginning, and focus on learning some of the more challenging tasks in the shop.

Aubuchon Hardware - Sales Associate (June 2016 – March 2020)

As a sales associate at Aubuchon Hardware, I'm tasked with helping customers find their products that they're searching for, as well as stocking and fronting the items on the shelves, and cleaning the store. I also run the sequencing project around the store keeping the store looking organized and easily accessible. To perform this job, I need to keep my people skills up to par, and hold my organizational skills to a high standard.

WE Aubuchon Company Inc - Resource Center Team Member (March 2020 – Present)

As part of the resource center team, I'm tasked with helping the stores with a variety of IT issues that arise, as well as helping with product issues. These IT issues can involve anything to do with registers being down, as well as any of the other computers located throughout the stores. We prepare all of the computers and registers to be sent out to the stores, as well as send out replacements for any needed registers. To perform these tasks, I'm required to have a well rounded IT background, mostly in repair, and networking, but also in working with scripts.

United Language Group - Business Intern (June 2020 - August 2020)

As a business intern at ULG, I'm tasked with taking any jobs required from the other team members, and helping take care of them to the best of my abilities. These jobs include list building, as well as performing tasks in HubSpot to make everyone's lives easier. To perform these tasks, I need to use the Microsoft Office Suite excessively, as well as maintain excellent organizational skills.
